ENHANCE YOUR LEGAL HORIZONS

The Master's in Global Business Law (LL.M.) with its focus on digitalization and mobility, offers lawyers a truly international opportunity to gain knowledge and practical insights into the main fields of global business. You will gain an insight into the processes and issues involved in the acquisition and sale of companies, as well as the associated financing- and transaction-related legal disputes in an international context. In three study modules, you will thus build up sound knowledge in the areas of Mergers & Acquisitions, Banking & Finance, and Dispute Resolution. In the fourth study module, you will deal intensively with business models from the areas of digitalization and mobility and analyse them from an international legal perspective. During the basic module, you will also expand your legal skills and deepen your knowledge in the areas of methodology, ethics and the fundamentals of international business law. You will also have the opportunity to further develop your leadership qualities, soft skills, and personality.

YOUR LL.M. IN GLOBAL BUSINESS LAW

The LL.M. programme is tailored to your professional needs and interests. It comprises two semesters, includes a total of five study modules and concludes with your master's thesis – in cooperation with practitioners. Each module consists of several courses, lasts six weeks and ends with an examination. The content of all modules is matched and usefully interlinked. The programme is complemented by visits to some exciting sights as well as visits to partner companies and law firms of EBS Universität. The extensive network of students, faculty members and alumni also offers many opportunities for professional and personal networking. The excellent location of EBS in the heart of Europe and close to Frankfurt Airport also allows you to travel flexibly and efficiently.
